

SCN AT-A-GLANCE PROGRAM

THURSDAY, AUGUST 8TH 2024

10:00-10:50 AM
Rm Skagit 4, Lower Level
Convention Center

Live Debate: Teleneuropsychology, the Future or a Fad?

Speakers: Munro Cullum, PhD, ABPP, Michael Schoenberg, PhD, ABPP

Drs. Cullum and Schoenberg will battle their way through pre-selected questions sourced from the SCN community prior to APA!

11:00-11:50 AM
Rm 2A, Level 2
Convention Center

How to Write & Publish a Book in Neuropsychology

Speakers: Christopher Kelaher, MA, Christine Ghilain, PhD, ABPP, Farzin Irani, PhD, ABPP, Callie Dunn, PhD, ABPP

This symposium will introduce participants to the process of proposing, writing, and publishing a book from the lens of an expert from the book publication industry and recently published neuropsychologists.

12:00-12:50 PM
Rm 607 Level 6
Convention Center

Recruitment of Diverse Samples in Teleneuropsychological Research

Speaker: Franchesca Arias, PhD

Discuss the importance of cultural diversity in research participation & its impact on recruitment efforts.

1:00-1:50 PM
Rm 605, Level 6
Convention Center

SCN Fellows Address: Advancing Science, Practice, and Training in Culturally Informed Neuropsychological Assessment

Speaker: Veronica Bordes Edgar, PhD, ABPP

APA Fellow status is an honor that recognizes individuals who have made unusual & outstanding contributions in the field of psychology. This session will honor the newest Fellow, providing them a platform to speak on their career & accomplishments.

3:00-3:50 PM
Rm 612, Level 6
Convention Center

The Diagnostic Feedback Interview

Speaker: Kira Armstrong, PhD, ABPP

This presentation will review a feedback model designed to meaningfully communicate complicated neuropsychological findings to children.

4:00-4:50 PM
Hall 4AB, Level 4
Convention Center

SCN Poster Session 1: Cultural, Mood, & Health Effects on Cognition

SCN AT-A-GLANCE PROGRAM

FRIDAY, AUGUST 9TH 2024

8:00-8:50 AM

Rm 620, Level 6 
Convention Center

Serving Your Diverse Communities

Speaker: Tedd Judd, PhD, ABPP

This workshop will address how to identify the major ethnic communities in your catchment area, learning about those populations and their languages, connecting with their institutions, learning about their neuropsychological needs, developing professional relationships, & learning to serve their neuropsychological needs.

12:00-12:50 PM

Rm 3B, Level 3
Convention Center

Updated Guidelines for the Billing of Neuropsychological & Psychological Testing

Speakers: Antonio Puento, PhD, Neil Pliskin, PhD, ABPP

Discuss ongoing work with APA and the upcoming release of updated guidelines for neuropsychological and psychological testing billing.

1:00-1:50 PM

Rm 611 Level 6 
Convention Center

Can We Talk About the Clinical Neuropsychology Provider's Role in Inclusion and Diversity?

Speakers: Shawn McClintock, PhD, ABPP, Veronica Bordes Edgar, PhD, ABPP, April Thames, PhD, Beatriz MacDonald, PhD, ABPP

This session has a unique focus on provider factors, how they impact practice, & how they can facilitate the creation of an inclusion- & diversity-responsive practice.

2:00-2:50 PM

Rm 612 Level 6 
Convention Center

Embracing Both the 'Neuro' and 'Psychology' in Neuropsychology: Cognitive Interventions in TBI and Aging

Speaker: Amy Jak, PhD

This session will focus on compensatory approaches to cognitive rehabilitation in individuals with mild neurocognitive disorders. The intersection of neurological & psychological etiologies to cognitive deficits will be highlighted.

3:00-3:50 PM

Hall 4AB, Level 4
Convention Center

SCN Poster Session II: Neurological Injury, Illness, & Assessment

4:00-4:50 PM

Metropolitan B, Level 3
Sheraton

Presidential Address: Neuropsychology in a Stepped Care Model

Speaker: Sara Weisenbach, PhD, ABPP

5:00-5:50 PM

Metropolitan B, Level 3
Sheraton

SCN Member Town Hall

This meeting allows the SCN community to hear everything that SCN has been up to in terms of organizational initiatives, committee work, & leadership/service opportunities.

6:00-7:50 PM

Metropolitan B, Level 3
Sheraton

SCN Social Hour

Enjoy beverages, hors d'oeuvres, & a raffle of amazing neuropsychology-related prizes!

SCN AT-A-GLANCE PROGRAM

SATURDAY, AUGUST 10TH 2024

8:00-8:50 AM

Skagit 1, Lower Level
Convention Center

Neuropsychology “Outside the Box”: Innovative Methods for Real-world Research & Clinical Application

Speakers: Darlene Floden, PhD, Natalia Kleinhans, PhD, Kati Pagulayan, PhD

In this multidisciplinary symposium, a panel of presenters will lead an interactive discussion with the audience about novel approaches to understanding brain-behavior relationships that go beyond standard assessment procedures.

9:00-9:50 AM

Rm 617, Level 6 
Convention Center

Neurocognitive Correlates of End-Stage Organ Dysfunction: The Role of Transplant Neuropsychology

Speakers: Jenessa Price, PhD, Kyle Jennette, PhD, Sarah M. Szymkowicz, PhD, Amanda Messerlie, MS

Attendees will learn the pathophysiology of organ dysfunction & common neuropsychological profiles among those with end-stage kidney, liver, heart, & lung disease. We discuss common biopsychosocial factors & comorbid illness impacting cognition & solid organ transplant.

1:00-1:50 PM

Rm 611 Level 6 
Convention Center

Educating the Psychologists of Tomorrow: How Innovations in Medical Training Can Guide Us

Speakers: Susan Duvall, PhD, ABPP, Stephanie Towns, PsyD, ABPP, Billy Holcombe, PhD

The field of medicine has a robust literature around educational optimization & has much to offer psychology in educational innovation, particularly around increasing diversity in the training population. We will cover lessons learned from recently developed pre- & postdoctoral psychology training programs designed with this literature in mind.

2:00-2:50 PM

Rm 603, Level 6
Convention Center

Women in Neuropsychology (WIN) Presents: Current Directions in Women’s Neuropsychology Research

Speakers: Maheen Adamson, PhD, Hannah Hagy, PhD, Holly C. Hunsberger, PhD, Tyler Reekes, PhD, Rachael Ellison, PhD

In this session, researchers share current lines of sex & gender-focused research with the goal of informing clinical practice, educating professionals & trainees, & promoting further research initiatives.

3:00-3:50 PM

Rm 603, Level 6
Convention Center

Cognitive Capital: Navigate the Business of Neuropsychology for Future Professionals

Speakers: Abel Mathew, PhD, Erica Dawson, PhD, ABPP

This symposium (hosted by ANST) will provide an overview of business practices, salary negotiations, & institutional expectations with a neuropsychology lens.

7:00-8:00 PM

SCN Virtual Poster Session
